CODE ENFORCEMENT CORNER

It is the objective of the City of Elephant Butte to protect the health, safety and welfare of its citizens. The City of Elephant Butte has noticed that property owners are making landscaping improvements to their properties throughout the city. It is encouraged by city staff to inquire about utility easements and property boundaries prior to landscaping property. City Code Reference 154.20, use of streets for drainage and erosion control purposes is prohibited. It is recommended that property owners who have landscaping along their property abutting the roadways consult with code enforcement to verify that the landscaping is compliant with code. Thank you all for your consideration in this matter. Here's to a safe and Happy New Year,
